

Søknadsbrosjyre Orkland kulturskole 2024-25

Engelsk oversettelse

We offer activities in dance, theater, visual arts, and vocal and instrumental training.

And whatever you choose, you have the opportunity to engage in a meaningful leisure activity for yourself and others.

The Cultural School provides instruction in many disciplines. Information about which offers are available at which schools and age limits for starting the offers can be found on our website. We offer:

- Piano
- Singing
- Band instruments
- Orchestra instruments
- String instruments
- Accordion
- Dance
- Theater
- Visual arts
- Stage production
- Sound studio
- Electronic music production

Dance. The Cultural School offers dance courses in various traditions such as "Raggeton" and jazz dance. In addition to Children's Dance for the age group 4-5, we have several dance groups under the designation "Dance Mix" which are divided by age and skill level. The target group is children and youth from 6 to 16 years old.

Theater. Here you learn theater sports, improvisation, work with various finished scripts, and write your own scripts.

Visual arts. Group instruction where you get to try out various techniques within the art field; such as drawing, painting, printing, clay, charcoal, and much more.

The sound studio teaches you how to record or play "live" music using recording equipment such as microphones and sound recording programs on a computer, while Stage Production deals with how to use sound and light systems in concert settings. Electronic Music Production is one of our newer training offerings, and here you learn how to make music using a computer.

Music Workshop. The Cultural School wants most of those taking instrumental training to have the opportunity to play together with others. You can do this through the many bands we have. Also, other instrument disciplines than traditional band instruments can be put together into groups across disciplines if they wish.

Instrumental training. Instruction usually takes place with one student and one teacher, but there may occasionally be groups of 2 or 3 students. There are many instruments to choose from: Piano,

keyboard, guitar (electric and acoustic), electric bass, percussion, flute, cornet, trumpet, althorn, baritone, trombone, french horn, tuba, clarinet, saxophone, accordion, and violin.

Singing. In singing lessons, you can learn to use your voice correctly and develop into a better singer. We offer singing in groups and individually. We also have fixed vocal groups.

Culture Mix is a group offer for students in first and second grade during SFO time. Here, students learn many exciting songs and become familiar with various instruments.

Preschool children. For the age group 4-5 years, we offer special groups in Children's Dance and shorter courses in Visual Arts.
