

Information – Orkland kulturskole

- Do you like to play an instrument, sing, or dance?
- Do you want to do acting or theatre?
- Are you creative and want to make things?

The culture school offers lessons in many disciplines. You can find information about which programs are available at specific schools, as well as age limits, on our website. We offer:

- ● Piano
- ● Singing
- ● Band instruments
- ● Concert band instruments
- ● String instruments
- ● Accordion
- ● Dance
- ● Theatre
- ● Visual arts
- ● Stage production
- ● Recording studio
- ● Electronic music production

Dance

The culture school offers dance classes in various traditions, such as Reggaeton and jazz dance. In addition to Children's Dance for ages 4–5, we have several dance groups called "Dansemix" (Dance Mix). These are divided by age and skill level. The target group is children and youth from 6 to 16 years old.

Theatre

Here you will learn theatre sports and improvisation. You will work with finished scripts and write your own scripts.

Visual Arts

Group lessons where you can try out different art techniques. This includes drawing, painting, printmaking, clay, charcoal, and much more.

Recording Studio, Stage Production & Electronic Music Production

- **Recording Studio** teaches you how to record live music using microphones and audio software.
- **Stage Production** covers how to use sound and lighting systems for concerts.

- **Electronic Music Production** is one of our newer programs. Here you learn how to create music using a computer.

Music Workshop

We want most instrumental students to have the opportunity to play with others. This is possible through our many bands. Students from different instrument disciplines can also form groups together if they wish.

Instrumental Training

Lessons usually take place with one student and one teacher. Sometimes we have small groups of 2 or 3 students. You can choose from many instruments: piano, keyboard, guitar (electric and acoustic), electric bass, drums/percussion, flute, cornet, trumpet, althorn, baritone horn, trombone, French horn, tuba, clarinet, saxophone, accordion, and string instruments (violin, viola, cello, and double bass).

Singing

In singing lessons, you learn to use your voice correctly and develop as a singer. We offer both group and individual lessons. We also have permanent vocal groups.

Kulturmix (Culture Mix)

A group program for 1st and 2nd-grade students during after-school care (SFO) hours. Students learn exciting songs. They also get to know different instruments and other activities offered by the culture school.

Preschool Children

For the 4–5 age group, we offer specific groups in Children's Dance and shorter courses in Visual Arts.
